

**B.A.T.-acute-programs according to Manfred Denecke**

- A01 - Bacteria defence organ-unspecific
- A02 - Bacteria defence eyes / connective tissue
- A03 - Bacteria defence connective tissue encapsuled
- A04 - Bacteria defence appendix
- A05 - Bacteria defence borreliosis
- A06 - Bacteria defence uterus
- A07 - Bacteria defence stye
- A08 - Bacteria defence ureters / kidneys / bladder
- A09 - Bacteria defence coronary vessels
- A10 - Bacteria defence larynx and vocal ligaments
- A11 - Bacteria defence whooping cough
- A12 - Bacteria defence lung
- A13 - Bacteria defence stomach / intestinal tract
- A14 - Bacteria defence nose / throat / bronchi
- A15 - Bacteria defence nervous system
- A16 - Bacteria defence ears
- A17 - Bacteria defence teeth / teeth embedding system
  
- A21 - Virus defence organ-unspecific
- A22 - Virus defence borna
- A23 - Virus defence chikungunya
- A24 - Virus defence hepatitis
- A25 - Virus defence HPV neck of the womb
- A26 - Virus defence head / muscles / connective tissue
- A27 - Virus defence lung
- A28 - Virus defence stomach / intestinal tract
- A29 - Virus defence mumps / measles
- A30 - Virus defence nose / throat / bronchi
- A31 - Virus defence pancreas (diabetes mellitus)
- A32 - Virus defence Perk
- A33 - Virus defence psoriasis
- A34 - Virus defence wart removal
- A35 - Virus defence FSME, dengue, yellow fever
- A36 - Virus defence rubella / parvo
  
- A41 - Herpes virus defence in general (stomach / intestinal)
- A42 - Herpes virus defence eyes / connective tissue
- A43 - Herpes virus defence genitalis
- A44 - Herpes virus defence shingles
- A45 - Herpes virus defence Pfeiffer's gland fever
- A46 - Herpes virus defence chicken pox
- A47 - Herpes virus defence zytomegalie

**B.A.T.-acute-programs according to Manfred Denecke**

- A51 - Dermatophyte defence skin-specific
- A52 - Dermatophyte defence nail mycosis
- A53 - Dermatophyte defence abdomen
- A54 - Yeast fungus defence Candida (intestinal tract)
- A55 - Mite defence (black mite)
- A56 - Parasite defence intestinal tract
- A57 - Parasite defence ureter / bladder
- A58 - Parasite defence leishmania
- A59 - Protozoa defence (i.e. toxoplasmosis)
  
- A60 - Pulling / tearing of a ligament
- A61 - Haematoma / bruise
- A62 - Breast inflammation / milk retention
- A63 - Midbrain syndrome / cerebral concussion
- A64 - Joint capsule irritation / inflammation
- A65 - Haemorrhoids
- A66 - Carpal tunnel syndrome
- A67 - Bone fracture, acute / after-care
- A68 - Headache / migraine
- A69 - Inguinal hernia, acute / operation after-care
- A70 - Muscles overstrained / hardened / spasms
- A71 - Neurodermitis
- A72 - Wound healing, inner / external
- A73 - Complaints of the prostate gland
- A74 - Sinovial bursa irritation / inflammation
- A75 - Tendon sheath irritation / inflammation
- A76 - Tooth formation (babies / schoolchildren)
- A77 - Toxic disturbance / insecticides
- A78 - Pain therapy
  
- A80 - Vital substances complete (vitamins, minerals, trace elements)
- A81 - Allergy-deletion
- A82 - Power supply
- A83 - Dehydration / detoxication
- A84 - HB-value stabilisation and blood quality
- A85 - Hormone regulation (female)
- A86 - Circulation regulation / stabilisation
- A87 - Psychosomatic dysbalance / depression
- A88 - Sleep regulation / improvement
- A89 - Hormone regulation (male)
- A90 - Allignment of polarities of materials
- A91 - Smoking cessation
- A92 - Microcirculation blood vessels
- A93 - Liver cleansing
